 - Have a nomadic life experience.
 - Horseback ride
- Tour Introduction:

Short but well packed two days tour. Terelj National Park is a great place to visit if you are in Mongolia briefly. It is situated 70km to the east of Ulaanbaatar and a couple of hours drive out of Ulaanbaatar for you to enjoy natural scenery – open field, gorgeous mountains, and rocky hills.

On this tour, we'll take you for a horse ride and visit the local nomad family and overnight with them, Famous Turtle rock, Aryabal Monastery, and Chinggis Khaan Statue, the tallest equestrian statue in the world - Means everything you should see and try.

• Itinerary:

• Day 1: Ulaanbaatar to Terelj National park

The first day of your trip our guide and driver will pick you up from the hotel, and will take a tour to the Chinggis Khaan Statue, the biggest equestrian statue in the world - 40 meters tall stainless steel statue symbolically pointed east towards his birthplace, on the bank of the Tuul River at Tsonjin Boldog. At the statue complex, you can climb up to the horse neck, do some souvenir shopping, send postcards to your friends and family and also visit a historical wax museum that displays Mongolian great empire era.

Since the area is the most visited place around Ulaanbaatar city you will have a chance to

see hunter eagles, falcons that native to western Mongolia and capture a picture with them.

After lunch, we will explore the famous Turtle Rock and the extraordinary frock formations. Take a hike to the Aryapala meditation temple. You will have a great chance to find your inner peace with every step you take there.

We will dive deeper into the Terelj national park and visit the local family that we are going to stay with. It\'s a great opportunity to learn about Mongolian nomadic lifestyle and Mongolian barbeque for dinner.

Overnight in a local nomadic family extra ger. (L+D)

• Day 2: Terelj National park to Ulaanbaatar

In the morning after breakfast with family, you will have plenty of time to trek around, explore the breathtaking Terelj National park or learn more about the nomadic lifestyle from local family members.

Once you bid goodbye to the family we will drive to Tuul river bank and you will do a horse riding trail through the mountains and river for 2 hours. Finish the tour as we drive back to Ulaanbaatar city.

Free cancellation up to 3 day(s) prior departure, Or traveler will pay 20 % of the tour amount

Good To Know

• The best time to make this trip

May to September is the best season, with the peak season in July for the Naadam Festival. July and August are also the wettest months of the year but be assured, our climate is such that you will still have many sunny days at this time. The best time to visit the Gobi is June or September.

• ?Accommodation:

We believe that comfortable, welcoming accommodation is vital to the enjoyment of your trip. You will be staying in a standard tourist ger camp (traditional dwelling) with currency (220V), shower and other useful services (2 to 4 people per ger) in the countryside. All accommodation offered by Black Ibex Expeditions is personally checked by our staff to ensure standards.

• Meals:

In Ulaanbaatar, you will be dining at fine European and Asian cuisine restaurants. Mutton, beef, rice, and noodles form the basis of the Mongolian diet, so your meals will be based around this. However, the trail rations may include vegetables, eggs, peanut butter, cheese and sometimes yak! On some days there will be lunchboxes from tourist camps. It is good food and our experience has been that guests are happy with this arrangement. Please let us know in advance if you are a vegetarian. Alcohol is not provided on the trip but tourists are free to bring their own.

• Transport:

Black Ibex Expeditions use the highest level, latest model, air-conditioned private vans or 4WD vehicles for the maximum comfort on your touring days. A day\'s drive in the countryside will be approx 200-250km.

• Personal things to bring with you:

Warm thin layers of clothing are the best such as bring a waterproof jacket, and a hat and headscarf to protect you from the sun and winds. Don\'t forget insect repellent, sun cream, lip-gloss, water purifying tablets and first aid kit (medicine for headache, cold, diarrhea, runny nose; bandages; any medicine prescribed for you). All your camera equipment.
