Kurunegala was the Sinhalese capital in the early 14th century, and later the town served as a way station between Kandy, the new capital, and its port, Puttalam. The contemporary town is the commercial centre of a populous agricultural area that produces rice, rubber latex, spices, cocoa, and, especially, coconuts. Kurunegala has good road and rail connections with the rest of Sri Lanka.

Dambulla cave temple also known as the Golden Temple of Dambulla is a World Heritage Site(1991) in Sri Lanka, situated in the central part of the country. It is the largest and best-preserved cave temple complex in Sri Lanka. The rock towers 160 m over the surrounding plains. There are more than 80 documented caves in the surrounding area. Major attractions are spread over 5 caves, which contain statues and paintings.

Polonnaruwa was the second capital of Sri Lanka after the destruction of Anuradhapura in 993. It comprises, besides the Brahmanic monuments built by the Cholas, the monumental ruins of the fabulous garden-city created by Parakramabahu I in the 12th century.

Pasikuda is situated in Eastern seaboard of Sri Lanka between Kalkuda and the Indian Ocean, approximately 35 kilometers from Batticaloa Town. The turquoise blue waters of the bay attract local and foreign tourists to this wide sandy place under the hot tropical sun to surf, swim or just frolic in the water. Many other activities are available from kite surfing, boogie boarding to surfing and sailing across in a canoe.
