- **Tour Highlights:**

A transfer from and back to the airport is included

This tour will be organized exclusively for you and won't be shared with others.

This mid-range tour uses lodges and tented camps

- **Tour Introduction:**

This tour is the perfect itinerary for those who only have 3 days available and wish to visit two of the most famous national parks in Tanzania. Marvel yourself by the amazing landscapes and spectacular wildlife of Tarangire and Lake Manyara National Park!

- **Itinerary:**

- Day 1: **Tarangire National Park**

We will pick you up from your hotel in Arusha at 8am and take you to a very special national park. Tarangire is famous for its diverse landscape with nine different vegetation zones. The park is particularly known for the abundance of Ancient Baobab trees (the largest trees in the continent) which fill the landscape and dwarf the animals next to them. The river of the park is full of wildlife ranging from a large variety of birds to lions, leopards, zebras, giraffes, buffaloes, antelopes and, of course, elephants. In fact, the park has the largest concentration of elephants in the whole country and provides unique chances to observe the interaction between elephant families. In the afternoon we will still do a game drive before continuing to your accommodation.

- Day 2: **Tarangire and transfer to Lake Manyara**

Morning game drive in Tarangire National Park. You'll enjoy your hot lunch on a fascinating area, boasting an observatory with amazing views to the river and wildlife (with good chances of seeing a hunt while having your picnic). You'll then go on a beautiful short journey across the Great Rift Valley to Lake Manyara National Park, home to the famous tree-climbing lions. You'll then check-in on your accommodation for dinner and overnight.

◦ **Day 3: Lake Manyara Nation Park**

Morning game drive in the amazing Lake Manyara National Park. Although small in dimension, the park has breathtaking scenery and well famous for its lush acacia forest, giant figs and mahogany trees, as well as to a growing population of baboons and blue monkeys. Permanent residents of this park also include giraffes, elephants, impalas and a huge amount of buffaloes. The lake is also home to a large number of hippos. Some unique facts about this park include the tree climbing lions, flamingos in the lakeshore, as well as the Ground Hornbill and the Crested Eagle. The landscapes of Lake Manyara are something that can not be described with words, and the game drives along the lake provide stunning photo opportunities. After lunch, we will have time for a short game drive and then leave towards Arusha. We expect to be back at around 5 pm although we are flexible in case there is a flight to catch.

- **Other Excluded:**

Covid Safety

STANDARD OPERATING PROCEDURES FOR COVID-19

Tanzania is currently safe and free from COVID-19. Safe travelers who visit Tanzania find no COVID-19 here; but still the Standard Operating Procedures (SOPs) have been designed to comply with the instructions issued by the Tanzanian Government and the World Health Organization, while the company carries out its day-to-day operations as a provider of safari and other trips. The objective of these SOPs is to allow Lappet Faced Safaris guests and staff to enjoy maximum protection during the time of the COVID-19 period, while also helping Tanzania to limit the spread of COVID-19 in the country. Lappet Faced Safaris acknowledge that it has a duty to communicate the applicable Tanzanian regulations to its booking agencies, and to remind both its staff and guests of all relevant protective and preventative practices.

Blackout Cancellation Policy: Deposits for safaris will pay 20% of the total amount
