- **Age Range:** 5 - 150 (Years Old)
- **Tour Highlights:**

This 4-days safari will take you to most of famous northern Tanzania National Park such as Tarangire, world famous Ngorongoro Conservation and Serengeti national park

- **Tour Introduction:**

This 4-days safari will take you to most of famous northern Tanzania National Park such as Tarangire, world famous Ngorongoro Conservation and Serengeti national park. You will be travelling through a breathtaking view of landscape including Great Rift valley with Lake Manyara view, the everlasting Serengeti plains and the Ngorongoro highland and its crater.

- **Itinerary:**

- **Day 1: Arusha – Tarangire National Park**

After a breakfast, your drive will be at your hotel ready to take approximate 2-hour drive to Tarangire National Park. Giant baobab trees, bush savannah and the seasonal marshes add to the wonder of this nature reserve. The Tarangire National Park is considered as one of the best places to view elephants up close. The park is also home to buffaloes, zebras and wildebeests which are always closely followed by a range of predators such as lions. Leopards are seen now and then but cheetahs are rarely spotted. From the open roof of the safari vehicle you will be able to absorb the landscape and watch the animals. In the evening you reach your lodge inside the park.

- **Day 2: Karatu – Serengeti National Park**

After breakfast, you will travel via the cooler highlands towards the southern Serengeti and at midday you will reach the plains of the Serengeti National Park. This park is the

largest in Tanzania and has a diversity of habitats and landscapes – short grass plains, savannah, thick bush, swamps, and lakes. Bizarre rock formations called kopjes dot the grassy landscape where predators are often seen. The Serengeti is famous for the yearly migration when hundreds of thousands of wildebeests and zebras trek to find fresh grass and water.

◦ **Day 3: Serengeti National Park – Ngorongoro Conservation**

On your outward journey to the park gate, you will enjoy some more game viewing before you leave the Serengeti National Park in the early afternoon to continue your journey to the Ngorongoro Conservation Area. On the way you can also see the Maasai boma with their traditional life. You will be staying at the lodge located on rim of Ngorongoro crater.

◦ **Day 4: Ngorongoro Crater – Arusha**

After breakfast you will descend the crater 600m down the crater for game. The massive collapsed volcano is home to over 25,000 mammals ranging from the Big Five – lion, elephant, buffalo, rhino, and leopard – to spotted hyenas, rare warthogs, and some of the more than 500 bird species of the area. After an extensive game drive and a picnic for lunch at hippo pool, you will leave the caldera in the late afternoon you will leave the crater and drive to Arusha town.
