Tarangire

Serengeti

Ngorongoro

Manyara

- **Tour Introduction:**

Start in Kilimanjaro and end in Arusha International Airport! With the adventure tour 5 Days Exploring Tanzania VIP Package, you have a 5 days tour package taking you through the best National Park at Tanzania. 5 Days Exploring Tanzania VIP Packages Safari is a small group tour that includes accommodation as well as an expert guide, meals, transport and more

- **Itinerary:**
  - Day 1: **Manyara National Park**  
This morning drive to Lake Manyara National Park. Set against the steep escarpment of

the Rift Valley, you'll find Lake Manyara National Park with its evergreen groundwater forest and variety of ecosystems including acacia woodland, grassy plains, a swampy fan delta, and – of course – the expansive lake. This diversity attracts a wide variety of mammal, bird, and wildlife species. Manyara is also home to rare tree climbing lions. The park offers excellent game viewing with buffalo, impala, giraffe, bushbuck, waterbuck, hippos, and lots of elephants roam near the lake. Also look out for blue monkeys, vervet monkeys, and the very active Olive baboon troops. Dinner and overnight Kirurumu tented camp

- **Day 2: Serengeti National Park**

Head out after breakfast for the drive to Serengeti National Park. The word “Serengeti” is derived from the Maasai language, meaning “endless plain.” En-route to the Serengeti you can opt to visit as Masai Village, a perfect place to explore Maasai culture and even participate in some tribal activities. Or visit Olduvai Gorge, known as the Cradle of Humanity; the Museum is a testament to the long journey that humanity has made from its humble roots in East Africa to its current state as the dominant species on earth. Enjoy a game drive enroute to your camp. Dinner and overnight at preference where you choose depends on booking availability

- **Day 3: Serengeti National Park**

Relax with a full day in the Serengeti with game drives – unequalled for its beauty and home to the Great Wildebeest Migration. The huge herds of plains game such as wildebeest, zebra and antelope dominate the park while the attendant predators such as lion and cheetah are to be found amongst the many kopjes scattered across the plain. Its landscape varies from open grass plains in the south, savanna with scattered acacia trees in the center, hilly, wooded grassland in the north, to extensive woodland and black clay plains to the west. Dinner and overnight at where we book

- **Day 4: Ngorongoro Crater**

Enjoy a morning game drive en-route to Ngorongoro Crater. Descend into the Ngorongoro Crater floor for game driving and exploration. The crater is 600m deep, 16km across and 265 sq km in area. Enjoy the spectacular scenery and game viewing, in what has been described as the eighth wonder of the world. Many of Tanzania's last remaining black rhino can be seen grazing on the open grassland of the crater floor, surrounded by some of the 20,000 large animals that occupy the crater, including lion, cheetah, eland, zebra and gazelle. Flamingo, among other bird species, can often be seen feeding at Makat Soda Lake as well. Afternoon dive to your lodge for your overnight stay. Dinner and overnight at a lodge we booked

- **Day 5: Tarangire National Park**

This morning drive to Tarangire National Park. Tarangire is traversed by the Tarangire River, which never dries up. Being the only source of water during the dry season, it draws hundreds of animals to the park, making for a wildlife and bird viewing spectacular. The landscape is varied, with grassy savannah plains, swamps, hills and spectacular baobabs. Enjoy a full day in the park with game viewing. Enjoy a place at leisure before your transfer to Kilimanjaro airport for your flight home. If your flight

departs during the morning an night accommodation must be add in Arusha

## WHAT'S INCLUDED
