- **Pickup:** Arusha;

From: 8:00 AM  
 To: 8:00 AM

- **Drop-off:** Arusha;

From: 5:00 PM  
 To: 6:00 PM

- **Age Range:** 5 - 90 (Years Old)
- **Tour Highlights:**

You'll depart from Arusha after breakfast and begin the two hour drive to Tarangire National Park.

Along the way you'll take in the changing landscape as Arusha's urban jungle is replaced by wide open plains and quaint Masai villages. Checking in at the park offers a good chance to see mischievous monkeys darting about in the shade and you can also pose with a gigantic Baobab at the park's entrance.

Once inside the park, you'll see the eponymous Tarangire river lined with acacia and Baobab where game amble to and fro throughout the day. During the dry season, thousands of animals from the Masai steppe migrate to the Tarangire region looking for water so you can see dozens of different species in a small amount of time.

Exclusive to the park are endangered animals such as the Greater Kudu, Fringe-Eared Oryx, and the Ashy Starling.

Enjoy a picnic lunch at one of the park's picnic areas and take in an unparalleled view of the Tarangire River. Keep an eye on your food though, as the local monkey population will be only too happy to make off with a tasty treat if given the opportunity!

You'll return to Arusha late in the afternoon.

- Tarangire is the best of both worlds. You can see the park's incredible wildlife and it's mammals, reptiles or simply basking in the beauty of the world's largest land game drive. The Tarangire region is particularly thrilling during the dry season as the predator-prey relationship in action. Plenty of animals in one place and to witness

Game drives through Tarangire are particularly thrilling during the dry season when the animals of the park must cluster closer and closer to the Tarangire River. This offers a great opportunity to see plenty of animals in one place and to witness the predator-prey relationship in action.

- **Itinerary:**

## **WHAT'S INCLUDED**

## FAQs

How many travellers are in a group and where are the other travellers from?

- This is a private trip and hence the group will only consist of the people you chose to travel with

What type of vehicle will be used?

- You will either be transported in a specially converted 4x4 minibus or 4x4 safari vehicle (i.e. Toyota Landcruiser). During game drives the roof will open, ensuring unspoilt views.

Will I get something to eat and drink during the trip?

- You will be provided with a lunch-box that can include sandwiches, boiled eggs and fruits or grilled chicken thighs. In addition thereto we will supply you with mineral water.
- Please let us know if you have any special dietary requirements or food allergies and we will do our outmost to cater for them (only possible with advanced notification).

Should I bring some cash money with me?

- Yes you should bring along some cash for extras like drinks, snacks, souvenirs and tips.
- Please make sure that your USD bills that have been printed after 2006 as any earlier dated bills will not be accepted.

What about tips?

- Tipping after a safari is customary and we recommend 15-20 USD per day per group for the guide.

What are the visa requirements?

- Although most nationalities can obtain a visa upon arrival in Tanzania, it is the sole responsibility of every traveller to be in possession of all required documents. We therefore strongly suggest that you contact your respective embassy for the latest visa regulations.

What vaccinations are needed and is Tanzania a malaria region?

- Officially no vaccinations are required but seeing that Tanzania is located in a yellow

fever region, we suggest getting a yellow fever vaccination for your own piece of mind.

- Despite the fact that Tanzania does not require you to be vaccinated against Tetanus, Diphtheria, Polio or Hepatitis A&B, we would strongly advise to have those shots up to date.
- Malaria is also a concern and we therefore recommend that some precautionary measures are taken. For more detailed information on prophylaxes and the effects and possible side effects, please contact your doctor or travel clinic.
