- **Tour Introduction:**

For those who want more thrills in their desert safari, we offer the option to include quad biking as one of the activities. If you have never been behind the wheel of a four-wheeled quad bike, you will surely find it a thrilling experience. We will do everything in our power to make the adventure fun and safe for you, starting with a safety briefing before you go behind the wheel of the bike. Once you feel the power of the bike as it zooms through the dunes of the Dubai desert, you will not want to stop even when the time is up.

Of course, the desert safari also includes dune bashing and the other fun activities that you have come to expect. Plus, once the sun sets over the desert, we will take you to our camp where you will be served a delicious dinner of barbecue in a buffet-style setting. There will also be other activities you can enjoy at the camp such as taking a puff or two from the shisha pipe and having a henna tattoo done. Our tour also includes transfers to and from your hotel to the pickup site of the safari, for your convenience.

Covid Safety

Masks should be used as part of a comprehensive strategy of measures to suppress transmission and save lives; the use of a mask alone is not sufficient to provide an adequate level of protection against COVID-19.

If COVID-19 is spreading in your community, stay safe by taking some simple precautions, such as physical distancing, wearing a mask, keeping rooms well ventilated, avoiding crowds, cleaning your hands, and coughing into a bent elbow or tissue. Check local advice where you live and work. **Do it all!**

Make wearing a mask a normal part of being around other people. The appropriate use, storage and cleaning or disposal of masks are essential to make them as effective as possible.
