First, you will visit the waterfalls, which are around 40 minute walk away. On the way, your guide will inform you about the culture of the Chagga, village life and explain the surrounding fauna and flora. The views are truly breathtaking and with some luck you will see the summit of Kilimanjaro. When you reach the waterfall, you will see that they are more than 80 meters high. The pool to the bottom of the waterfall is an inviting place for refreshing swims so don't forget swimwear.

After having enjoyed the scenery, you slowly return with your guide to Materuni village, where you will experience a traditional chagga lunch. You also have opportunity to taste our local banana beer definitely not to be missed.

But that's not all.

Next, the coffee experience awaits you, here you will learn how coffee is cultivated, dried, roasted, and further processed. You will also be invited to help with the grinding of the coffee, which is traditionally accompanied by chagga songs and dances- a fun way to immerse yourself in the local culture. Before you say goodbye and return in the afternoon to Moshi, you can savor the coffee you made and appreciate the views of the surrounding rainforest.

- **Tour Introduction:**

Materuni is the home of the chagga tribe and is still an authentic tribal village. This charming place is just 15km away from Moshi Town and is the last village before the Kilimanjaro National Park. Upon arrival you will register at the village office and your trip can begin.
