The main activity in Volcanoes National Park is gorilla trekking in the magnificent Virungas mountain range. We provide you with highly trained guides and expert trackers who will lead you in the tracking of the amazing endangered species, mountain gorillas, in their natural habitat. You get to visit the twelve gorilla families fully habituated with a few of them being habituated purposely for scientific research. Each family consisted of several females, some youngsters, and at least one silverback. These unique encounters with gorillas as they go about their day-to-day life is life-changing. Apart from mountain gorillas, the park also has golden monkey trekking and bird watching, the park hosts various bird species.

You can also engage in fun activities such as hiking, mountain biking, and canoeing in this park. Excursions to lakes Burera and Ruhondo in the park give you a chance to interact with the local communities around the park and get to learn about their culture and their day-to-day activities on a typical day. You can also dine and wine in the beautiful and lavish lodges present in the park.
