We pick up from port if you arrive by cruise or from your hotel in Sihanouk Ville and head off to admire the Kbal Chhay Waterfall cascading through natural rock formations and then visit the Phsar Leu Central Market, where you'll get a glimpse of local daily lifestyle and culture. You'll also see one of the most worth-seeing pagodas is Wat Leu (Upper Wat) where's located on the hilltop and offers a spectacular sweeping view of the entire town, its surrounding beaches and nearby islands.

Get into the heart of rural life in little village in the countryside and a tour to Sihanoukville will not be complete without walking through its sandy beaches as we will take you to Otres or Sokha Beach to feel its tropical island breeze.

The tour ends with a drop off to your hotel in the city or at the port.
