- **Itinerary:**

- **Day 1: Moshi - Lake Manyara**

After breakfast pick up from Moshi and transfer to Lake Manyara national park. We arrive in time for lunch at the lodge and after lunch do we head into the Lake Manyara National Park for an afternoon game drive. This national park is one of Tanzania's most dramatically located wildlife areas, consisting of a massive but shallow soda lake (covering two-thirds of the park), located at the foot of the Great Rift Valley's western escarpment. The park's varied habitat attracts a wide variety of animals, including one of Africa's largest concentrations of elephants, Lake Manyara's unique tree-climbing lions, as well as large flocks of flamingos attracted by the algae in the lake. Dinner and overnight as per the standard and type of accommodation option requested.

- **Day 2: Lake Manyara - Serengeti Plains**

After breakfast we head towards the Serengeti National Park, via the beautiful high lying farmland of Karatu and the Ngorongoro Conservation Area. Leaving the highlands behind, we descend into the heart of wild Africa - the Serengeti National Park - with its endless plains, rolling into the distance as far as the eye can see. We head to the central park area, known as the Seronera area, one of the richest wildlife habitats in the park, featuring the Seronera River, which provides a valuable water source to this area and

therefore attracts wildlife well representative of most of the Serengeti's species. We arrive in time for lunch and enjoy an afternoon game drive in the Serengeti national park. Dinner and overnight in the Seronera area, as per the standard and type of accommodation option requested.

◦ Day 3: **Serengeti Plains - Ngorongoro crater**

Be one of only a few fortunate people to glide in a Hot Air Balloon over the Serengeti Plains (available at supplementary cost by pre-arrangement). Floating silently above the awakening bush, while spotting wildlife and enjoying the amazing scenery of Africa, across rivers and over numerous small villages. After breakfast at the lodge do early game drive in Serengeti and around afternoon we depart to Ngorongoro Conservation area. We arrive in time for dinner at the lodge/campsite and spend overnight. Dinner and overnight as per the standard and type of accommodation option requested.

◦ Day 4: **Ngorongoro crater – Moshi**

After early breakfast we will descend over 600 meters into the crater to view wildlife for a half day's safari tour. Supported by a year round water supply and fodder, the Ngorongoro National Park supports a vast variety of animals, which include herds of wildebeest, zebra, buffalo, eland, warthog, hippo, and giant African elephants. Another big draw card to this picturesque national park, is it's dense population of predators, which include lions, hyenas, jackals, cheetahs and the ever-elusive leopard, which sometimes requires a trained eye to spot. We will visit Lake Magadi, a large but shallow alkaline lake in the southwestern corner, which is one of the main features of the crater. A large number of flamingos, hippos and other water birds can usually been seen here. In the afternoon after lunch start driving to Moshi in your hotel. Please note this itinerary is subject to change with or without prior notice according to local conditions / park rules. The order of places visited could also be changed according to the guide's decision.
