- **Tour Highlights:**
 - 4 different stops at the most popular beaches of Rhodes island.
 - Buffet lunch on the boat with big variety of Greek delicacies.
 - Relaxing day trip.
- **Tour Introduction:**

Leaving the Port of "Mandraki", you are visiting **"Anthony Quinn Bay " in "Ladiko"** , a small beach surrounded by formidable rocks. For 30 minutes you will be able to dive off the boat into the refreshing clear waters of the bay which has a width of 10 meters and a length of 250 meters with rocks, pebbles and fine sand both inside and outside the sea. Pine trees, with some found right at the sea's edge, play an important role in the gorgeous emerald hues of the environment. The beach is perfect for people who love to swim in secluded lagoons, dive, snorkel, or just gaze on the rocks.

Continuing along the east coast, your next stop will be at **"Tsambika beach"** and you will have the opportunity to relax and swim during these 2 hours staying. Tsambika beach is one of the most beautiful beaches of Rhodes island on the east coast, with golden sand and still unspoiled. Above the bright white fine sand, rises the steep 240m high rock, on which a white chapel is enthroned.

On board, after swimming, you will enjoy a delicious buffet - lunch with a variety of Greek food.

After lunch, you will begin your return trip visiting **"Afandou Caves"** making a 30 minutes stop where once again you will be able to dive off the boat into the crystal clear waters of the Aegean Sea. Superb caves are standing around the beach, giving to the whole place a unique and magical atmosphere. The blue crystal waters in conjunction with pebble mosaic make it a beloved choice.

Continuing northwards, you will stop 20 minutes at **"Kallithea Spa"** for a photo stop, before returning to the port. Kallithea beach is one of the most popular among the locals. It is composed of many small creeks covered with pine-trees that's why is one of the best attractions on the island. It is an ideal place for diving and snorkeling as there is abundance of marine life, with an amazing variety of fish and crystal clear emerald waters.

An ideal family day cruise!!
