- **Tour Highlights:**

The route des clairières de Lemosho: an isolated path, peu utilisé et magnifique à travers le plateau de Shira. It can be used to reach the Western Breach Route, or followed by the Kibo South Circuit to join the easier route from Barafu. Cet itinéraire est l'un des rares où les groups sont accompagnés d'un garde forestier armé, car la forêt autour des clairières de Lemosho regorge d'animaux sauvages.

- **Itinerary:**

- Day 1: **Accueil à l'aéroport et transfert à Moshi**

Nous vous accueillerons à l'aéroport international du Kilimanjaro avant de vous transférer jusqu'à l'hôtel Springlands de Moshi, à une heure de voiture de l'aéroport.

- Day 2: **Moshi – entrée parc Londorosi – camp Mti Mkubwa (2 780 m)**

Après le petit déjeuner, nous partirons en direction du parc national du Kilimanjaro où nous débuterons l'ascension par la traversée du plateau Shira où vous pourrez contempler les plus majestueux animaux du continent africain jusqu'à votre arrivée à l'entrée du parc Londorosi d'où vous entamerez votre itinéraire à destination du campement Mti

mkubwa.

- Day 3: **Camp mti mkumbwa (2 780m) – camp de shira 1 (3 500 m)**

Vous traverserez un paysage de basses landes parsemé d'arbrisseaux et de fleurs sauvages avant d'accéder au campement shira d'où vous aurez une vue des plus spectaculaires sur le volcan kibo.

- Day 4: **camp de shira 1 (3 500 m) – camp shira 2 (3 840 m)**

Journée d'acclimatation au cours de laquelle vous vous rendrez au second campement shira.

- Day 5: **camp shira 2 (3 840 m) – camp barranco (3 960 m)**

Vous prendrez la direction de l'est et traverserez une zone rocheuse. A la suite du déjeuner vous effectuerez l'ascension du dôme volcanique (lava tower). C'est à partir de cette altitude que vous ressentirez l'altitude. En direction du campement barranco, vous pourrez réaliser de superbes clichés de la brèche occidentale et de la muraille barranco. Nous arriverons au campement à l'heure du coucher du soleil.

- Day 6: **camp barranco (3 960 m) – camp de karanga (4 035 m) cette étape ne vaut pas pour le trajet en 7 jours**

Après le petit déjeuner, nous quitterons barranco et continuerons sur une crête escarpée en passant le mur de barranco, jusqu'au camping de la vallée de karanga. Ceci est une courte journée d'acclimatation.

- Day 7: **camp karanga (4 035 m) – camp barafu (4 640 m)**

Une fois arrivés au campement barafu, vous ne serez alors plus qu'à 1345m du sommet. Prenez également bien soin de vous familiariser avec le terrain afin qu'aucun accident ne survienne lorsque vous devrez vous lever au cours de la nuit. Les tentes seront installées sur une arête rocheuse étroite et dangereuse sans cesse exposée aux coups de vent. Nous nous coucherons vers 19h.

- Day 8: **camp de barafu (4 640 m) – sommet du kilimandjaro (5 895 m) – camp de mweka (3 090 m)**

Nous lèverons donc le camp et nous nous dirigerons en direction du stella point où nous profiterons d'un des plus beaux levers de soleil. À partir de stella point, nous nous retrouverons dans un univers exclusivement neigeux, et ce jusqu'au sommet du kilimandjaro, le pic uhuru. Le temps que nous passerons sur le sommet dépendra des conditions météorologiques mais vous aurez le temps de savourer votre exploit! Nous redescendrons vers le camp de mweka en environ 7 heures.

- Day 9: **camp de mweka (3 090 m) – porte mweka – moshi**

Après le petit-déjeuner, nous traverserons le village de Mweka pour être transférés à l'hôtel. L'occasion de profiter d'une bonne douche et d'un copieux déjeuner. Vous recevrez votre certificat récompensant vos efforts!

- Day 10: **Moshi / aéroport**

Après le petit-déjeuner à l'hôtel, nous organiserons votre transfert jusqu'à l'aéroport en fonction de vos horaires de vol.
