From:5:00 AM

To:6:30 AM

- **Age Range:** 18 - 65 (Years Old)
- **Tour Highlights:**

You'll be collected from the airport.

This operator can help select your international flights, but you'll have to book them yourself

- **Tour Introduction:**

If you want to do a 4 days safari and do not want to spend so much time driving from park to park, it is better to avoid the Serengeti and concentrate on the beauty of Tarangire, Lake Manyara and Ngorongoro Conservation Area while reserving some time for a cultural experience with a Maasai Tribe.

- **Itinerary:**

- Day 1: **Tarangire National Park**

After breakfast depart for Tarangire National Park. Full day game drive in Tarangire National Park. Tarangire has a diverse landscape, with nine vegetation zones. Ancient Baobab trees (the largest trees in Africa) dot the landscape dwarfing the animals that feed beneath them. The Tarangire River, that meanders through the park attracts an abundance of wildlife, from elephants, lions, leopards, buffalos, zebras, giraffes, antelopes to a variety of colourful birds. The park is very famous for having the greatest elephant population in Tanzania, and during a safari where you will have the chance of quietly observing many families of elephants interacting. With a stop for a picnic lunch in an observatory inside the park where you will be able to view animals drinking water in the river (and many times lions attacking a thirsty zebra or wildebeest), continue game

viewing and finally return to the campsite for dinner.

◦ **Day 2: Lake Manyara National park**

Depart after breakfast and drive across the Great Rift Valley to Lake Manyara National Park for a full day game drive. Although only 205 sq. miles in size this enchanting park is noted for its beauty and incredibly lush acacia forest of giant fig and mahogany trees, which are home to troops of baboons and blue monkeys. The park is also home to a large number of buffalos, giraffes, elephants, impalas and a Hippo lake, where large numbers of hippos usually gather. Well known for its birds (over 400 different species), Lake Manyara is one of the few places where you'll be able to see the Ground Hornbill and the Crested Eagle. This park has become famous for the climbing lions and the flamingos in the lake shore. The landscapes of this park are absolutely stunning, very different from the Serengeti for example. In the afternoon, return to camp for dinner. Extra tour recommended: Bicycle ride in Lake Manyara.

◦ **Day 3: Ngorongoro Crater**

After an early breakfast, we will drive a little to the 8th natural wonder of the world - the Ngorongoro Crater. With walls 2,000 ft high and a crater floor that spreads for 102 sq. miles, the crater is a virtual Noah's Ark, inhabited by almost every species of wildlife indigenous to East Africa including the rare black rhino. In fact, the crater has the greatest concentration of wildlife on the planet. The large bull elephants that reside here have an extremely large tusk, due to the rich mineral content of the volcanic soil and its grasses. Descend down to the crater floor for a day of wildlife viewing in one of the most incredible places on Earth. After a stop for a picnic lunch near the hippo lake and more wildlife viewing in the afternoon, drive up the steep road out of the crater. Evening transfer to Lake Eyasi. Possibility for an afternoon walking safari in Ngorongoro highlands.

◦ **Day 4: Hunt with the Hadzabe and visit Maasai village**

Very early in the morning, before breakfast, join the Hadzabe tribe, one of the last true nomadic tribes of Africa, in a fascinating hunting or fruit gathering session. This is something absolutely unique and out of the beaten track which is a great cultural experience and authentic opportunities for world-class photography. Visit the beautiful Lake Eyasi, a seasonal shallow salt lake on the floor of the Great Rift Valley at the base of the Serengeti Plateau. In the afternoon visit, a traditional Masai village that is by no means a touristic show. In fact, many visitors to Tanzania consider this visit to be the greatest highlight of their trip. During the tour, you will be guided by a Maasai Chief, who will show you the village, how the Maasai live, their habits, how they cook, how they take care of livestock, what and how they study, dance, etc. Opportunity to watch the village women perform a local traditional dance. The whole experience provides fantastic photo opportunities.
