- **Tour Introduction:**

Kenya is the birthplace of the safari and an ideal safari destination. Bordering the Indian Ocean with Mount Kenya towering over a tapestry of tiny farms, green hills and golden savanna, the East African nation began drawing tourists over a century ago, enticed by tales of wild animals.

Kenya safaris highlight the country's dramatic landscapes, which include a range of national parks and reserves, refuge to the "Big Five" (elephant, lion, leopard, rhinoceros, and buffalo.)

Safaris remain one of the top travel experiences in the world where expert local guides and tailor-made tours are essential. At Dusty Rest Safaris, a locally-owned tour operator, we are perfectly equipped to bring you a seamless Kenya safari tour. Our standard safari vehicle is a 4X4 Land Cruiser Jeep that seats seven with long range radios for ease of communication and a pop-up top that makes photography a breeze.
